[Coalition Politics and Economic Development - Irfan Nooruddin](#)
Coalition Politics and Economic Development explores the determinants of macroeconomic volatility across countries. In this book Irfan Nooruddin constructs a novel theory and a rigorous set of empirical tests at the national and subnational level to explore this important substantive question. This book is a major contribution to the fields of international and comparative political economy.

Coalition Politics and Economic Development
Coalition Politics and Economic Development challenges the conventional wisdom that coalition government hinders necessary policy reform in developing countries. Irfan Nooruddin presents a fresh theory that institutionalized gridlock, by reducing policy volatility and stabilizing investor expectations, is actually good for economic growth.
Me - Irfan Nooruddin
Irfan Nooruddin, Home Me Ideas Coalitions Book India PhDs I study problems of economic development, democratization, and civil conflict in the developing world.
